Circular

It is noticed for information of all concerned that a **Introduction to Machine Learning and Application to Electrical Engineering Concepts** has been scheduled on **4th & 5th, June-2020** at **10A.M to 3:30P.M** in our college premises. The said seminar will be delivered by the

- 1) Mr. Vishal Sathwane of NIT Raipur,
- 2) Prof. P.V.V Kishore of K.L. University,
- 3) Prof. P. Sri Hari of Geetanjali College of Engineering & Technology,
- 4) Mr. B. Siva Rama Rao of Raghu Engineering College (A).

The interested faculty and students of the EEE Department are requested to make it convenient to attend, and other department faculty and students interested in attending are also welcome.

Department of Electrical & Electronics Engineering., REC

The Department of Electrical and Electronics Engineering was established in 2001-2002. The department is accredited by National Board of Accreditation (NBA). The department offers a four-year degree program in Electrical and Electronics Engineering with an annual intake is 180 students.

The purpose of the Department of Electrical and Electronics Engineering is to provide professional training and at the same time to participate actively in applied and theoretical research. The Department strives to instill in students the attitudes, values, vision, and training that will prepare them for a lifetime of continuous learning and leadership to develop the ability and passion to work wisely, creatively and effectively for the benefit of society; to generate new knowledge for the betterment of humankind and disseminate it universally and to generate realistic and innovative solutions for the current and future technological needs.

Institutions of Engineers (India)

It is established in 1920 and granted Royal Charter in 1935. It is largest multidisciplinary professional body of engineers in India. It has a network of 29 State and 84 Local Centers. It has four overseas chapters, namely, Abu Dhabi, Bahrain, Kuwait, and Qatar. Six peripheral bodies namely, Engineering Staff College of India at Hyderabad, Rural Development Forum at Kolkata, Sustainable Development Forum at Patna, Water Management Forum at Ahmedabad, National Design and Research Forum at Bengaluru and Safety & Quality Forum at New Delhi. Bilateral agreement with 33 professional institutions in 19 countries abroad.

Over 1500 Students' chapters (as on 01/08/2016) function at various engineering colleges/polytechnics. Chapters conduct a variety of technical activities, such as, seminars, industrial visits, group discussions, technical quiz competitions, workshops, model/poster competition and film show throughout the year.

The Department has conducted a two-day online Faculty Development Programme on “**Introduction to Machine Learning and Application to Electrical Engineering Concepts**” from June 4th to 5th 2020. The keynote Speakers are Mr. Vishal Sathwane, Prof. P.V.V Kishore, Prof. P. Sri Hari & Mr. B. Siva Rama Rao.

Dated: 01-06-2020

Circular

It is noticed for information of all concerned that a **Parameter and State Estimation Techniques and Applications to Electrical Engineering**, is scheduled on **8th to 10th, June-2020 at 10A.M to 3P.M** in our college premises. The said seminar will be delivered by the **Dr. P. Sri Hari, Asst. Prof., ECE Dept. of NIT, Karnataka.**

The interested faculty and students of the EEE Department are requested to make it convenient to attend, and other department faculty and students interested in attending are also welcome.

Department of Electrical & Electronics Engineering., REC

The Department of Electrical and Electronics Engineering was established in 2001-2002. The department is accredited by National Board of Accreditation (NBA). The department offers a four-year degree program in Electrical and Electronics Engineering with an annual intake is 180 students.

The purpose of the Department of Electrical and Electronics Engineering is to provide professional training and at the same time to participate actively in applied and theoretical research. The Department strives to instill in students the attitudes, values, vision, and training that will prepare them for a lifetime of continuous learning and leadership to develop the ability and passion to work wisely, creatively and effectively for the benefit of society; to generate new knowledge for the betterment of humankind and disseminate it universally and to generate realistic and innovative solutions for the current and future technological needs.

Institutions of Engineers (India)

It is established in 1920 and granted Royal Charter in 1935. It is largest multidisciplinary professional body of engineers in India. It has a network of 29 State and 84 Local Centers. It has four overseas chapters, namely, Abu Dhabi, Bahrain, Kuwait, and Qatar. Six peripheral bodies namely, Engineering Staff College of India at Hyderabad, Rural Development Forum at Kolkata, Sustainable Development Forum at Patna, Water Management Forum at Ahmedabad, National Design and Research Forum at Bengaluru and Safety & Quality Forum at New Delhi. Bilateral agreement with 33 professional institutions in 19 countries abroad.

Over 1500 Students' chapters (as on 01/08/2016) function at various engineering colleges/polytechnics. Chapters conduct a variety of technical activities, such as, seminars, industrial visits, group discussions, technical quiz competitions, workshops, model/poster competition and film show throughout the year.

The Department has conducted a three-day online Faculty Development Programme on “**Parameter and State Estimation Techniques and Applications to Electrical Engineering**” from June 8th to 10th 2020. The Keynote speaker is Dr. Pathipati Srihari, M.S (UK), Ph.D., Assistant Professor, Department of Electronics & Communications Engineering, National Institute of Technology Karnataka.

Department of Electrical & Electronics Engineering., REC

The Department of Electrical and Electronics Engineering was established in 2001-2002. The department is accredited by National Board of Accreditation (NBA). The department offers a four-year degree program in Electrical and Electronics Engineering with an annual intake is 180 students.

The purpose of the Department of Electrical and Electronics Engineering is to provide professional training and at the same time to participate actively in applied and theoretical research. The Department strives to instill in students the attitudes, values, vision, and training that will prepare them for a lifetime of continuous learning and leadership to develop the ability and passion to work wisely, creatively and effectively for the benefit of society; to generate new knowledge for the betterment of humankind and disseminate it universally and to generate realistic and innovative solutions for the current and future technological needs.

Institutions of Engineers (India)

It is established in 1920 and granted Royal Charter in 1935. It is largest multidisciplinary professional body of engineers in India. It has a network of 29 State and 84 Local Centers. It has four overseas chapters, namely, Abu Dhabi, Bahrain, Kuwait, and Qatar. Six peripheral bodies namely, Engineering Staff College of India at Hyderabad, Rural Development Forum at Kolkata, Sustainable Development Forum at Patna, Water Management Forum at Ahmedabad, National Design and Research Forum at Bengaluru and Safety & Quality Forum at New Delhi. Bilateral agreement with 33 professional institutions in 19 countries abroad.

Over 1500 Students' chapters (as on 01/08/2016) function at various engineering colleges/polytechnics. Chapters conduct a variety of technical activities, such as, seminars, industrial visits, group discussions, technical quiz competitions, workshops, model/poster competition and film show throughout the year.

The Department has conducted a three-day online Faculty Development Programme on “**Introduction to SMART GRID and its key components**” from June 17th to 19th 2020. The Keynote Speaker is Dr. S. Sreejith, Assistant Professor Department of Electrical Engineering National Institute of Technology-Silchar.

Circular

It is noticed for information of all concerned that a webinar on **Artificial Intelligence & Cyber Physical Security for Power Grids** is scheduled on **28th August-2020** at **9A.M to 3P.M** in our college premises. The said seminar will be delivered by the

G. Ravi Kumar, Research Assistant Professor,

Department of Electrical & Computer Engineering, Iowa State University (ISU).

The interested faculty and students of the EEE Department are requested to make it convenient to attend, and other department faculty and students interested in attending are also welcome.

HYBRID ELECTRIC VEHICLE

A Hybrid Electric Vehicle (HEV) has at least two sources of power for propulsion: the internal combustion engine and an electric propulsion system.

There are three main reasons for which the automotive manufacturers are developing and selling HEVs:

- reduction of the CO₂ emissions (by reduction of the fuel consumption)
- reduction of the exhaust gas toxic emissions
- improvement of the powertrain dynamics (by increasing total power and torque)

Three types of Hybrid vehicles:

- Full Hybrid Electric Vehicle (FHEV)
- Plug-In Hybrid Electric Vehicle (PHEV)
- Mild hybrid Electric Vehicle (MHEV)

ADVANCED DRIVER ASSISTANCE SYSTEM (ADAS)

ADAS is designed to help prevent accidents by scanning the road ahead for potential hazards and warning the driver.

Studies show that over 80% of road traffic collisions are caused by human error, and a 2-second early warning can prevent 99% of accidents.

This friendly driver assist system notifies the driver during the journey with unique alerts using sound, vibration and pictographs. The AI-powered algorithm works continuously in real time to prevent accidents and safeguard your fleet assets.

The advanced driver assistance system delivers the vital 2-second early warning of the following:

- Forward Collision
- Lane Change
- Safe Distance
- Pedestrians

The slide includes two images: a top-down view of a yellow car with sensor waves and a bottom view of a car's dashboard showing ADAS alerts.

SAMPLE FEEDBACK:

Sl. No.	Full Name With Salutation(Dr./ Mr./ Ms./ Mrs.)	Organization	How satisfied were you with the event ?	How relevant and helpful do you think it was for your job?	What were your key take aways from this event?	Additional feedback on arrangements made .	Which sessions did you find most relevant? [Welcome activity]	Which sessions did you find most relevant? [Speaker #2]	Which sessions did you find most relevant? [Closing activity]	Any additional comments regarding the sessions or overall agenda?	Any overall feedback for the event?	Would like to be communicated for future events from us.

Dear Sir/Madam,

Greetings from Department of Mechanical Engineering.

The Department of Mechanical Engineering and the Nano-science Club, RAGHU ENGINEERING COLLEGE is organising Two Days National Level Webinar on "New Vistas of Manufacturing Engineering for Industrial Applications" from 16.07.2020 to 17.07.2020 in both sessions. Other details will be given in poster and mail also. E-Certificate of participation will be provided on successful completion of Webinar.

We look forward to your support and active participation in this programme and make this Two Days National Level Webinar a grand success.

Requesting you to share this program information to your friends.

The Webinar will be conducted using Google Meet only and link will be shared to you one day before the programme to your registered mail ID.

PROGRAM SCHEDULE:

Date	Topic Name	Name of the Resource Persons
16.07.2020	Morning Session: 10:00 AM Genetic Algorithms	Dr. S. K. Patel Professor and Dean (Academic) (IIT, Rourkela)
	Evening Session: 06:00 PM Composite Material: Numerical/ Experimental Analysis and Application Challenges	Dr. Chetan Kumar Hirani Assistant Professor (IIT, Patna)
17.07.2020	Morning Session: 10:00 AM Latest trends in application of nature-inspired algorithms in manufacturing	Dr. S. S. Mahapatra Professor (IIT, Rourkela)
	Evening Session: 06:00 PM Advanced Manufacturing in the Age of Nanotechnology: Present and Prospective Roadthroughs	Dr. Ranjeet Kumar Saha Assistant Professor (IIT, Suratkheda)

FDP SUMMARY – PYTHON FOR DATA SCIENCE

The Department of Computer Science & Engineering, Raghu Engineering College, Dakamarri, Visakhapatnam, Andhra Pradesh has organized a 5-day **FDP** program on “**Python for Data Science**” under **CSI-Region V**.

This program was conducted from **01-06-2020 to 05-06-2020** through online platform – ZOHOMeeting.

Event convenor:

Prof. Jose Moses, Professor,
CSE Department, Raghu Engineering College

SBC-CSI student chapter:

Mrs. B. Meena, CSE Department, Raghu Engineering College

The resource persons for FDP are

- S. Srinadh Raju, Dr. A. Anupama, Dr. S. Satyanarayana & Mr. A. Lakshmana Rao
CSE Department
Raghu Engineering College
- Prof. Korra Sathya Babu
CSE Department
NIT-Rourkela

The Details of the session are:

Day	Date	Speaker	Contents
1	01-06-2020	S. Srinadh Raju, CSE Department Raghu Engineering College	Basics of Python using Spyder Tool Control Structures Data types and Data structures Function
2	02-06-2020	Dr. A. Anupama CSE Department Raghu Engineering College	Numpy, Pandas, Data frame and operations on dataset Data visualization
3	03-06-2020	Dr. S. Satyanarayana & Mr. A. Lakshman Rao CSE Department Raghu Engineering College	Machine Learning - Regression, Decision Tree, Classification Algorithms
4	04-06-2020	Mr. A. Lakshman Rao CSE Department Raghu Engineering College	
5	05-06-2020	Prof. Korra Sathya Babu CSE Department NIT-Rourkela	Introduction to Data Science, Research Directions in Data Science

The total numbers of participants are: 100 from various engineering colleges across the country from different places. The participants are shortlisted from 500 registrations. The photographs taken during the session are:
